Mounting of Plug & Play™ Systems trunks using the integrated U-clip strain-relief feature is available utilizing the following brackets. The following tables detail whether a separate bracket is required for the housing (accessory) or if it is standard with the housing. The quantity of Plug & Play Systems MTP® Connector trunks that can be mounted are shown by fiber count.

### RACK-MOUNTABLE HOUSING STRAIN-RELIEF BRACKETS

Hardware	12-24 Fibers		36-48 Fibers	72-96 Fibers	144 Fibers	
	Non-Armored	Armored	Non-Armored and Armored	Non-Armored and Armored	Non-Armored	Armored
<b>PCH-01U</b>						
1U Strain-Relief Bracket (2) Accessory <b>PC1-RJ-STR</b>	3	2	2	2	2	2
<b>PCH-02U</b>						
2U Strain-Relief Bracket Accessory <b>PC2-STRN</b>	4	2	2	2	2	2
<b>PCH-04U</b>						
4U Strain-Relief Bracket (2) Accessory <b>PC4-RJ-STR</b>	3	2	2	2	2	2
Strain-Relief Rear Plate to install inside of PCH Accessory <b>PC4-RJ-PLT</b>	12	0	0	0	0	0
<b>PCH-M3-01U</b>						
Strain-Relief Integral to Housing Standard <b>N/A</b>	6	0	0	0	0	0
<b>96-Fiber (Example P/N: HD1A-U96-05-70S)</b>						
Strain-Relief Integral to Housing Standard <b>N/A</b>	8*	4**	4**	2***	N/A	N/A

A (2) in the part description indicates two brackets are included.

\* Using up to (4) U-Clip locations each in the left and right floor of the shelf

\*\* Using up to (2) U-Clip locations each in the left and right floor of the shelf

\*\*\* Two rear flanges (one each at the left and right rear corners of the shelf) accommodate (1) trunk U-Clip each

### WALL-MOUNTABLE HOUSING STRAIN-RELIEF BRACKETS

Hardware	12-24 Fibers		36-48 Fibers	72-96 Fibers	144 Fibers	
	Non-Armored	Armored	Non-Armored and Armored	Non-Armored and Armored	Non-Armored	Armored
<b>PWH-02P</b>						
Interior Strain-Relief Bracket Standard <b>N/A</b>	3	1	1	1	1	1
<b>PWH-04P</b>						
Interior Strain-Relief Bracket Standard <b>N/A</b>	4	2	2	2*	2*	0
<b>PWH-06P</b>						
Interior Strain-Relief Bracket Standard <b>N/A</b>	4	2	2	2*	2*	0
<b>PWH-12P</b>						
Interior Strain-Relief Bracket Standard <b>N/A</b>	8	4	4	4*	4*	0
<b>Exterior Strain-Relief Bracket for PWH-02P, -04P, -06P, -12P</b>						
Exterior Strain-Relief Bracket (2) Accessory <b>PWH-RJSR</b>	3	2	2	1	1	1

A (2) in the part description indicates two brackets are included.

\* Requires removal and reinstallation of a bracket via two nuts

### FRAME-MOUNTABLE STRAIN-RELIEF BRACKETS

Frame Mounted Strain-Relief Bracket	12-24 Fibers		36-48 Fibers		72-96 Fibers		144 Fibers	
	Non-Armored	Armored	Non-Armored and Armored	Non-Armored and Armored	Non-Armored	Armored	Non-Armored	Armored
Strain-Relief Bracket (2) Accessory <b>CDF-RJ-BKT</b>	1	1	1	0**	0**	0		
6-in Strain-Relief Bracket Accessory <b>CDF-RJ06-BKT</b>	6	3	3	3	3	3		
7-in Strain-Relief Bracket Accessory <b>CDF-RJ07-BKT</b>	7	4	4	4	4	4		
12-in Strain-Relief Bracket Accessory <b>CDF-RJ12-BKT</b>	12	6	6	6	6	6		
18-in Strain-Relief Bracket Accessory <b>CDF-RJ18-BKT</b>	18	9	9	9	9	9		

A (2) in the part description indicates two brackets are included.  
 \*\* May accommodate one 72- to 144-Fiber trunk depending on the IBU used and location on the rack

### ACCESSORY BRACKETS/PANELS FOR PLUG & PLAY™ SYSTEMS

Part Number	Description
<b>RBC-02P</b>	Frame-Mountable Bracket, capacity for up to two (2) Plug & Play Systems modules or adapter panels
<b>CPP-01U-PNL</b>	1U Rack-Mountable Panel, capacity for up to two (2) Plug & Play Systems modules or adapter panels
<b>CPP-M3-01U</b>	1U Rack-Mountable Panel, capacity for up to three (3) Plug & Play Systems modules or adapter panels
