

Mighty Mo Fiber Raceway, Joiner slotless, for 4" x 4" raceway, yellow

OR-MMFJSL4X4-Y

Joiners are used to connect the straight duct and components together. Simply snap the joiner into the slots at the end of each part to be joined. For straight duct that has been cut to length, new slots will need to be made with the proper slotting tool. "Slotless" joiners are available in sizes from 4" X 4" upwards that will join the fittings to the duct with or without joining slots.

features & benefits

- Made of Noryl fire retardant plastic:** Certified to UL94VO and Halogen free.
- Snap together slot and joiner system:** Stronger and quicker assembly of raceway and fittings.
- Fittings available in 5 sizes:** A solution for any size and density of installation.
