## 20M VALUE SERIES LC LC 10G DUPLEX PVC FIBER CABLE

852-LL2-066 | [Quiktron](#)

---

### FEATURES & BENEFITS

Get blazing-fast 10 gigabit performance with laser-optimized multimode fiber (LOMMF) cables. Besides fully providing backward compatibility with existing 50/125 equipment, they also provide the performance headroom required to support LED and VCSEL laser light sources, and 10 gigabit ethernet applications.
