

QuickPort® High-Density Die Cast Flat Patch Panel with Cable Management Bar

APPLICATION

The QuickPort High-Density Patch Panel supports 48 ports while filling only 1RU of rack space. It is available unloaded to support a variety of network requirements, and fit all industry-standard 19" racks and cabinets. An excellent choice for both retrofits and new installations, each kit includes one patch panel, labels, a label holder, and a cable management bar.

SPECIFICATION

Patch panels shall feature a 1RU/48-port design that fits industry-standard 19" equipment rack. Panels shall accommodate most QuickPort connectors. Panels shall be UL Listed. Panel shall be constructed of die-cast aluminum, and feature a durable, powder-coat finish. Label holder shall include magnification feature for port identification.

FEATURES

- 48-port density in only 1RU of rack space
- Patented design
- Robust die-cast aluminum construction
- Includes Cable Management Bar (additional bars available separately)
- Multi-color card stock for identification options
- Label holders magnify labels for easy reading

DESIGN CONSIDERATIONS

- Must follow instruction sheets included with each panel
- Panel supports 48-ports in 1RU of rack space
- Mounts on industry-standard 19" equipment rack
- Available in a variety of category ratings and will accommodate most QuickPort connectors
- Recommend jacks be terminated prior to installation in panel
- Recommend use of cable management bar to support bulk and weight of cables
- Design allows for front cable management using no additional rack space
- Empty panels available for retrofits
- Orientation of top-row connectors is rotated 180°
