

UniCam® High-Performance Installation Toolkit High-Performance, LC, SC and ST® compatible

CORNING

Part Number: TKT-UNICAM-PFC

The UniCam® high-performance tool kit (TKT-UNICAM-PFC) is a carefully designed tool kit that virtually eliminates human variability from the installation process. This legacy solution includes a lightweight, hand-held installation tool with an immediate go/no-go feedback signal to provide unmistakable confirmation of a successful termination. The kit's hand-held high-performance precision cleaver features two heat treated high density stainless steel clamp arms for a precision hold of the field fiber, as well as a diamond blade to achieve a superior cleave. It can be used with multimode or single-mode LC, SC, ST® compatible UniCam connectors (standard- and high-performance) and is required to achieve high-performance specifications for UniCam high-performance single-mode connectors. The tool kit also features a visual based installation guide, video guidance via an included DVD and access to the latest installation videos via QR codes using a smart phone.

Features and Benefits

Terminates single-mode and multimode fibers

Various installation options

Convenient carrying case

Minimizes setup and teardown time

Visual feedback signal (TKT-UNICAM-PFC)

Termination confirmation

UniCam® Connector Flat Cleaver (FBC-007)

Superior cleave performance

UniCam® High-Performance Installation Toolkit High-Performance, LC, SC and ST® compatible

Specifications

General Specifications	
Product Category	Core Product / Fastship
Product Type	Connector Tools and Toolkits
Compatibility	LC, SC and ST® compatible
Technology	No-Epoxy/No-Polish

Ordering Information	
Package Contents	UniCam® High-Performance Installation Tool, Flat Fiber Cleaver, Crimp Tool, VFL Adapters in 1.25 mm and 2.50 mm, Gauge Card, Fiber Preparation Tools, Fiber Cleaning Tools
Units per Delivery	1/1

Standards	
RoHS	Free of hazardous substances according to RoHS 2011/65/EU
